88 About OIEG

Why study with us?

Through our pathway courses, you will be able to thrive and achieve your full academic potential. Our University partnerships will allow you to succeed and pursue a rewarding career in today's global economy and society.

- 📅 One visa for the entire course duration
- 🎓 University student status, with access to all facilities and services
- 🕒 Offer response within 48 hours of receiving an application
- 🏠 Opportunity to live on campus with students from around the world
- ➔ Direct continuation to chosen degree upon completion**
- ❤️ Dedicated support from our student services team

Who we are

In partnership with world top universities, we offer students an alternative route to higher education through an exciting range of pathway courses. At our embedded colleges' international students have the opportunity to start the first stage of an undergraduate or postgraduate degree while taking advantage of full university student status.

Our students benefit from small classes and expert tutor support that help them adjust to life in their chosen destination. While on the main university campus, this friendly and supportive environment prepares students for success. In 2018/19, 95%* of students who completed their course with us progressed to their degree studies. This high rate of progression demonstrates Oxford International's commitment to excellence.

What is a pathway?

A pathway course is designed to prepare you with subject-specific knowledge and academic English language skills, helping you to succeed as you continue your degree studies. Teaching takes place in small classes that provide individual support and help you adjust to the challenges of academic study – preparing you in the best possible way for higher education.

Course features:

- 📖 Academic preparation in the subject area of your chosen degree
- 👤 Specialist support and expert teaching for international students
- 🗣️ ENG English language support throughout the course
- 📚 Range of popular undergraduate and postgraduate degree options

What our students say...

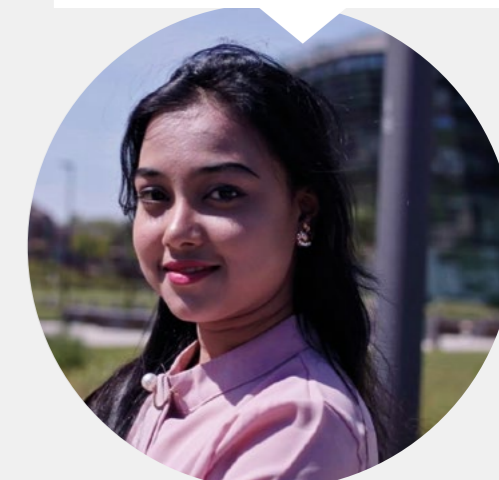

"I have successfully progressed onto my degree course at University of Bradford because of UBIC's reliable policies and teaching programme. To the new students, those who just started their foundation at Bradford International College, I must say you are going to pass the class, the only thing required is your attention and leave the rest on UBIC's staff because they are the one that are going to lead you to a brilliant future as it is a pathway to success."

Shoaib Khan, Pakistan, UBIC

"I've enjoyed studying at DMUIC, the tutors are excellent and have helped me settle into life as a university student. They are also really supportive and have helped myself and other students with other issues outside of the classroom such as accommodation."

Nafisa, Bangladesh, DMUIC

*Average rate of progression based on number of students who completed their course and continued onto their degree. For more up to date statistics visit www.oxfordinternational.com. **SF State International Year One students select their majors upon completion of the programme. Oxford International Pathway College students have access to undergraduate courses at leading universities in the UK and abroad. All applications to our university partners will be assessed by the university and will be subject to their entry requirements.

Where you can study

Since launching our first college in 2014, we have established eight embedded colleges with exceptional universities.

We will continue to develop on the success of these colleges and develop new partnerships. Our partnerships help create more opportunities for international students to achieve their academic and career goals.

What you can study

We deliver incorporated undergraduate and postgraduate courses in a range of subjects. These courses are offered at two levels: International Incorporated Bachelors (IIB), and International Incorporated Masters (IIM).

International Incorporated Bachelors (IIB)

The IIB allows you to study a foundation year in a wide range of academic subjects across our University partnerships. The course has been designed to strengthen your academic English abilities and introduce you to fundamental concepts required in your chosen subject area. What is available varies from university to university.

Examples of pathway subject areas and degrees you can study:

Art and Design

Fashion Design;
Product Design;
Architecture; Illustration

Business

Business Management;
Economics; Marketing;
Finance; Accounting

Computing

Computer Science;
Computer Security;
Information Systems

Engineering

Electronic; Mechatronics;
Mechanical; Civil;
Biomedical

Journalism

Journalism and Media
Studies; Film Studies;
Creative Studies

Law

Business Law;
Law & Criminal Justice;
Law with Oil and Gas

Media

Animation; Film Studies;
Music Technology;
Media Production

Nursing

Adult Nursing;
Mental Health Nursing;
Child Nursing

Pharmacy

Pharmacy;
Pharmaceutical
& Cosmetic Science

Psychology

Psychology;
Psychology with Criminology;
Psychology with Business

Science

Biomedical;
Forensic;
Microbiology;
Neurosciences

Social Sciences

Health and Social Care;
Criminal Justice
Studies; Sociology

International Incorporated Masters (IIM)

The IIM is designed for those students who do not qualify for direct entry to a postgraduate degree. This could be because of the grades achieved in your undergraduate degree; current qualifications are not equivalent to an undergraduate degree or if you want to improve your academic and English language skills.

Examples of pathway subject areas and degrees you can study:

Art and Design

Fashion & Textiles;
Product Design; Architectural;
Design Innovation

Business

MBA Global;
Business & Marketing;
MBA International Business

Banking

Banking & Finance;
Banking & Law;
Investment Management

Engineering

Electronic; Mechatronics;
Mechanical; Engineering
Management

Law

LLM Energy Law & Policy;
Oil and Gas Law; Mineral
Law & Policy

Psychology

Business with Consumer
Psychology; Clinical &
Health Psychology

"As DMUIC is situated in England's most vibrant and multicultural city, I had the opportunity to make friends from different countries. The most amazing thing was that the DMUIC staff including all teachers and the office persons were very motivational and welcoming. They provide the best routes for study to every individual."

Syed Asim Hussain, Pakistan,
IYZ Computing, DMUIC

International Year Zero / Foundation Diploma (IYZ / IFD)

DMUIC / BUIC / UGIC / UBIC / OIPC / ICD*

• **Direct entry into Year 1 • 4 years total study**

The IYZ provides one year of preparation for undergraduate degree study. Once students have completed this year, they will continue to the first year of their chosen degree directly with the University.

*Please note ICD's IYZ can also be found under the name International Stage One (IS1).

International Year One / First Year (IY1 / IFY)

DMUIC / BUIC / UGIC / UBIC / ICD*

• **Direct entry into Year 2 • 3 years total study**

The IFY / IY1 equivalent to the first year of study at undergraduate level. Once students have completed this year, they will continue to the second year of their degree study directly with the University.

*Please note ICD's IY1 can also be found under the name International Stage Two (IS2).

International Second Year (ISY)

DMUIC

• **Direct entry into Year 3 • 2 years total study**

The ISY / IY1 equivalent to the first year of study at undergraduate level. Once students have completed this year, they will continue to the second year of their degree study directly with the University.

International Year One Programme

SFSU • 4 years total study

Once you have completed International Year One and matriculated into your second year at SF State, you can begin to choose from a broad range of majors for your final degree.

International Undergraduate Programme

MERCY COLLEGE • 4 years total study

Once you have completed International Year One and matriculated into your second year at Mercy College, you can begin to choose from a broad range of majors for your final degree.

Pre-Top Up in Business (PTU 1 term or 2 term)

DMUIC • Direct entry into final year of study

• **1+ total study**

The PTU in Business is a top-up preparation course of 10 weeks (1 Term) or 20 weeks (2 Term) duration that provides international students a route to complete an undergraduate degree at DMU.

International Incorporated Masters (IIM 1 term or 2 term)

All Colleges • Direct entry into master's degree

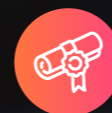

• **1+ years total study**

The IIM provides students with the advanced study skills and academic English support required for master's level study. This course can be studied over a number of terms depending on a student's academic qualifications and English language level, options vary from university to university.

Pre-Sessional English

These courses provide you with an initial period of intensive English language training and assessments. This academic English support is delivered over 6 or 12 weeks. You will need to successfully complete this before you can continue onto your chosen pathway. The number of terms you complete will depend on your current English level.

Further information on academic and English language requirements, courses dates and fees can be found by college on pages 64-69.

Graduate!

How you can study

How we make online work for you

-  You will receive access to the same high-quality course content
-  Opportunity to join live lectures with expert tutors based in the UK
-  View recordings of lectures if you're not able to attend live sessions
-  One-to-one video sessions with a pastoral support manager
-  Participate in interactive virtual student workshops

The delivery of all courses taught at our International Colleges is through face to face teaching on campus.

Which courses are available online?

International Incorporated Master's

International College Dundee

One-term Pre-Masters

- Law
- Nursing and Health
- Education and Social Sciences

One term and two term Pre-Masters

- Business
- Energy and Sustainability

Pre-Sessional English (Various Dates)

The Online Pre-Sessional Course (OPSE) is a 6- or 12-week programme that provides you with an initial period of intensive English language training and assessments – adapted for online learning. Upon successful completion of the course, you will progress onto your designated International College.

English Testing

If you don't have proof of English, such as an IELTS you can take the Oxford International English Test, once completed you can expect to receive your results within 3 working days.

Online studying FAQ's

Where and when do classes take place?

Some live classes will take place online through each college's online learning platform. Learning materials may be available on the same online platform or separately.

Can I message other students/Tutors/Lecturers directly?

Yes. Upon enrolment you will be giving contact details for your tutors and will be able to arrange a time to meet with them virtually. This is the same process as if you were studying in the college.

What if I cannot attend a lesson because I am abroad and there is a significant time difference?

All online live classes will be recorded and available to students to access from their Virtual Learning Environment (VLE) after the class has happened. However most online live classes have been timetabled to avoid unsociable hours in different time zones where possible. It won't be possible to achieve this for every region which is why you will also have access to the recordings.

How will work be marked and assessed?

All colleges have adapted their assessment methods for online learning, and these have been rigorously reviewed and agreed by each University partner. The methods will vary college to college.

How can I access the resources I need?

All online materials and learning resources will be available through your VLE account. University resources will also be available to you on this platform such as e-books and online services.

What if I have any questions?

Each college has an Administration manager and support team who are available through different channels such as Virtual Receptions. They will be there to help and support you as they would if you were on campus.

¹ Courses awaiting professional recognition.

² The duration of this programme is 24 months, including 12 months of certified work experience after the completion of taught courses but in conjunction with independent research. The responsibility for finding suitable certified work experience is the students. If no suitable certified work experience is available after successful completion of the taught courses and dissertation the student will graduate with an MA in International Business.

³ The MA International Business is the only continuation degree route available for students starting the IIM Business and Management in September.

University of Bradford International College

Bradford, West Yorkshire, UK

Key information

Available routes at UBIC:

IFY (International Foundation Year)

Business and Management | Computing and Creative Industries | Law and Social Sciences | Science, Engineering and Health

IYZ (International Year Zero)

Business and Management | Computing and Creative Industries | Law and Social Sciences | Science, Engineering and Health

IY1 (International Year One)

Business | Computing | Engineering

Oxford International Pathway College

The Oxford International Pathway College offers the International Foundation Year (IFY) at a choice of two study locations and the Pre-Master's programme (PMP).

These programmes have been designed to support international students to access thousands of university degrees.

With our pathway college, you can study the IFY or PMP online, wherever you are with access to online resources and study materials or choose to study at one of our centres in the UK – London or Oxford.

By choosing to study with our pathway college and successfully completing one of our pathway courses, can lead to courses at leading universities in the UK and Abroad.*

*List of universities available for progression is dependant on centre of study. More information can be found on our website: oxfordinternational.com

'If you want to enter the creative or media industries then studying in London is a must. We would often travel as a class to various studios for talks and tours. All of my lecturers still have strong involvement in the industry too, which meant I was able to develop real-world insights and connections from the word go!'

9th Best

in the UK for Linguistics³

London's only parkland campus university, with first-rate academic, sporting and leisure facilities.

The University's campus offers a close-knit community in a safe, secure and peaceful environment, while the proximity to central London provides easy access to the culture, resources and nightlife of one of the greatest cities in the world.

University of Roehampton London

London, UK

Key information

At the University of Roehampton, you'll find the one of the most diverse international student populations in London, with students from 145 countries around the world.

The university offers a wide range of undergraduate and postgraduate programmes spanning six academic schools and faculties.

To find out more about each course please visit oxfordinternational.com

Highlights:

More than 60 societies and sports clubs available to all students.

A modern university but with a distinctive collegiate history dating back to 1841.

Accommodation:

All International students who apply before July 31 will be guaranteed university accommodation. There is a wide variety of residences to choose from, both on campus and in central London. Fees vary between £128 - £188 a week.

Travel:

- Situated just 30 minutes from central London and a 5-minute walk from Richmond Park, our beautiful 54-acre parkland campus provides the best of both worlds

'Studying at Roehampton has been the best three years of my life, so I would strongly recommend it to everyone.'

How to Apply

Applying with us is easy. Students will need to complete our online application form using the link below. The application will need to include copies of all relevant academic transcripts and English language qualifications.

APPLY NOW AT
OXFORDINTERNATIONAL.COM

To start an application with ease, make sure the following is ready to upload:

A copy of a valid passport
Digital Copy

A copy of original qualification certificate and transcripts
Certified Translation (where applicable)

References (If applicable)

A personal statement (If applicable)

Any current & previous visas, CAS
and copies of exit stamp
If you require a visa to study abroad

A valid IELTS (for UK) if the score is at 5.5 or above
If the score is below 5.5 students can apply for a Pre-Sessional
English course

Credibility interview (If applicable)

Previous visa refusal letters (If applicable)

Portfolio
Course specific (where applicable)

What will happen after an application has been submitted?

Below is a step-by-step guide.

STAGE 2: Check qualifications

We will carefully review applications and check that academic qualifications and level of English language is suitable for entry to chosen course.

STAGE 3: Offer letter

If you are successful, we will then send you an offer letter.

STAGE 4: Submit deposit

To be accepted onto the course, you will need to complete all the conditions outlined in your offer letter and make a 50% deposit payment, which includes an additional £150 non-refundable registration fee. In some cases students may be required to pay 100% deposit, students will be advised if this is the case before stage 4.

You can accept your offer using this link:

oxfordinternational.com/acceptance-of-offer/

STAGE 5: CAS issued

If you need a visa to study abroad, then we will assess your documents so that we can issue you a Certificate of Acceptance for studies (CAS) or required documentation for the US.

STAGE 6: Apply for visa

Students will then need to apply for a visa if necessary.

STAGE 7: Final payment

Advance payment of fees will be required prior to arrival.

STAGE 8: Accommodation & Final Details

UK & USA: We recommend letting us know at the start of an application whether accommodation is required. Before the start of the course, students will receive details of their accommodation (if booked in advance) and a welcome pack. Students will also be asked for their flight details to the UK/USA.

STAGE 9: Welcome!

We can arrange for a taxi transfer upon a student's arrival at a UK or US airport (additional fees apply).

About Oxford International

Oxford International is an accredited private education provider that runs international colleges and study centres across the UK, Europe, Canada and the USA. Our courses help over 50,000 UK and international students achieve academic success every year.

University Partnerships

Partnerships are the heart of the University Partnership division. Currently, with nine established university partners, Oxford International offers a diverse range of support to its partners.

This support includes:

- Eight international on-campus colleges offering overseas students a proven alternative entry route into university study
- Student mobility services
- Global direct recruitment support covering all degree courses including undergraduate and postgraduate courses
- Comprehensive strategic advice including market entry strategies
- Direct admission to a UK university without the need to join a pathway course.

Our Core Values

We create life-enhancing learning experiences that help students develop personally, evolve professionally and enrich their future opportunities.

We build relationships through trust, honesty and respect.

We put our students and their goals at the heart of everything we do.

We love what we do and strive for excellence.

We are not afraid to be different and we celebrate innovation.

Oh, and we believe that a...

goes a long way...
