Discover a world of opportunity

Oxford International operate International College Dundee (ICD) in partnership with the University of Dundee.

Founded in 1991, Oxford International is an accredited, private education provider that operates independent boarding schools, international colleges and English language centres across the UK and North America to create life-enhancing experiences for students worldwide.

Our courses help over 50,000 international and UK students achieve academic success every year. We have built strong relationships with education consultants around the world and pride ourselves on delivering the best programmes for their students.

Visit us at
[oxfordinternational.com](https://www.oxfordinternational.com)

Welcome from our College Director

A very warm welcome to International College Dundee (ICD). Here, you will begin one of the most exciting years of your life! And, there is no better place than Dundee to make your second home.

Situated beside the majestic River Tay, Dundee is Scotland's sunniest city. It also has the highest student ratios per head of population anywhere in the UK so there is an exciting and diverse range of night-life, leisure activities and culture.

“The city is a great size; you don’t need to get public transport to go anywhere unlike most other cities. You can walk or cycle anywhere, and it’s close enough to nature that you can get out if you want to. There’s a great city life with pubs and clubs and everything.”

Larissa Kennel
BSc Anatomical Sciences graduate

If you enjoy the outdoors, there are miles of beautiful coastline, beaches, and stunning countryside located just a few miles from our College doors.

From your first day at ICD, you will also be welcomed to the University of Dundee by your fellow students. Dundee University Students’ Association (DUSA) provides the highest level of social, recreational, advice, and support services to all student members.

I encourage you to try something new while you’re here or join a student society representing something which you may already love to do. Whether your passion is sport or politics or crochet, societies are full of people sharing the same interests. You will make new friends, gain new skills and leave the university with much more than a degree.

Here in ICD, we are a family – one that is created by all our students and our staff. Our dedicated team of teachers will ensure that each student is supported to achieve the academic success they deserve. And, International College students know they are part of the College family. They tell me that ‘we are like a home far away but brought close’ (Elizabeth, Nigeria). That ‘students are very enthusiastic about learning and lecturers deliver in a very friendly and upbeat fashion’ (Dina, Egypt) and that you will be ‘provided with all of the services and assistance you need’ (Bezy, Kenya).

Supporting you is central to our mission at International College Dundee. We are here to guide you as you become the best version of yourself.

I hope to see you soon.

Dr. Corinne Wales,
College Director

Studying at International College Dundee

International College Dundee (ICD) offers you an alternative way to begin your undergraduate or postgraduate studies at the University of Dundee.

At ICD, you will learn core subject knowledge while being supported in the development of academic English and university level study skills. With experienced teachers and small class sizes, you will receive first-class teaching as well as the individual guidance needed to adjust to your new life as a UK university student.

Small classes

Full university student status from the day you start

Additional 6 or 12 week Pre-Sessional English courses

These courses can be added onto the front your chosen pathway programme if you do not have the relevant English language level or score.

Continue your studies with the University of Dundee

Successfully complete your first year at International College Dundee and continue your studies directly with the University of Dundee.

“ My tutors are great, I have some really wonderful teachers. They encourage you to do better and I think see the potential in all of us which is really motivating.”

Zack from Malaysia
IS1 Art and Design

“ The thing I like most about Dundee is the people. They are loving, friendly and always willing to help. It's also relatively quiet, and the cost of living is very affordable.”

Belema from Nigeria
IS1 Business

Your pathway to university

We offer two levels of study at the college: the International Incorporated Bachelors and the International Incorporated Master's. The first stage is delivered at the International College, and once completed, you will continue your degree course directly with the University of Dundee.

Choose your level and your degree subject

Upon enrolment to your chosen pathway, you'll also pick your degree of choice. This choice will dictate your IIB or IIM subject route and modules during your studies at ICD.

International Incorporated Bachelors (IIB)

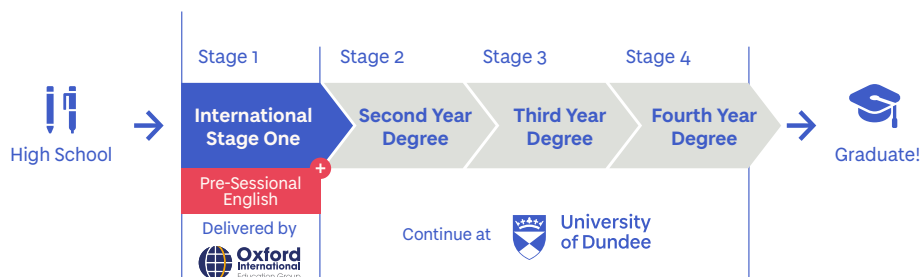

International Stage One (IS1)*

The IS1 offers you a different start to your undergraduate study at the University, strengthening English abilities and introducing core concepts and key knowledge required in your chosen subject area. Go to page 38, for more information.

At ICD you will take one of the following routes, depending on your chosen undergraduate degree

IS1 routes:

- Art and Design
- Business
- Computing
- Engineering
- Life and Biomedical Sciences
- Nursing
- Law, Psychology and Social Studies

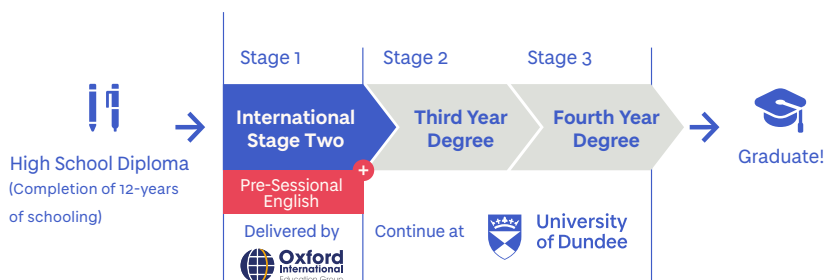

International Stage Two (IS2)*

The IS2 is the equivalent to the second year of a four-year Scottish undergraduate degree. Go to page 48, for more information.

At ICD you will take one of the following routes, depending on your chosen undergraduate degree.

IS2 routes:

- Business and Economics
- Applied Finance
- Mechanical Engineering
- Computing

* Please note on oxfordinternational.com, ICD pathways are named differently: IS1 is IYZ - International Year Zero and IS2 is IY1 - International Year One.

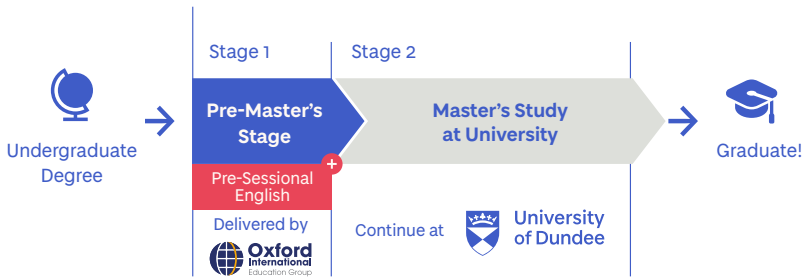

International Incorporated Master's (IIM)

At postgraduate level, the International Incorporated Master's provides you with the advanced skills you need to continue on to your chosen postgraduate degree. Go to page 56, for more information.

At ICD you will take one of the following routes, depending on your chosen postgraduate degree.

IIM routes:

- Business
- Design
- Energy and Sustainability
- Engineering
- Psychology and Social Studies
- Law
- Nursing and Health
- Education

Pre-Sessional English

For the students who do not meet the minimum English Language requirements, we offer an additional Pre-Sessional English module. Depending on your current English level, you'll do one or two terms.

For detailed information please review the pathway pages: IS1 page 38, IS2 page 48 and IIM page 56. Or contact our team at oxfordinternational.com/contact-us

Discover your university

The city campus is a self-contained student community where everything is close together.

You don't need to worry about cars or taxis when the accommodation, library, teaching areas, students' union, and gym are all right next to each other.

There are green spaces, study spaces, and places to chill, right on your doorstep.

By living on campus you'll be in the heart of the city, close enough to be part of the enthusiasm and excitement that surrounds Dundee.

Top in Scotland
for Art and Design

Known for its friendly people, Dundee is one of the safest places to study in the UK. It truly feels like the city has been created just for you, which is why it's no surprise that it is recognised as the most fun place to be a student in Scotland (Study Inn 2021).

World Top 200

- Graduate employment - Dundee is one of the Top 200 Universities in the World for Graduate Employment Rate.
QS World University Rankings 2022

Overview

Our strong identity, cultural confidence and openness make Dundee an exciting place to be. It's a great place to live, being a lively student-centred community with plenty of things to do.

By living on campus you'll be in the heart of the city, close enough to be part of the enthusiasm and excitement that surrounds Dundee. You'll be just a short walk from cultural attractions, cafes, restaurants, shops, and bars. The train and bus stations are also within a short walking

distance, handy for those days exploring the best that Scotland has to offer. Our campuses at Ninewells Teaching Hospital and Kirkcaldy are easily accessible by bus and train.

Providing such a place is what drives everything we do at the University of Dundee. If you are planning to study at a top European institution - one with outstanding teaching, a brilliant student experience and fantastic support - Dundee is the perfect choice. We are ranked No.1 in Scotland and fourth in the UK for student satisfaction by the International Student Barometer 2019.

1st in Scotland, 4th in UK & 14th globally

- Ranked 1st in Scotland, 4th in the UK and 14th globally for overall average student satisfaction

Research with impact

Over the past 50 years we have pioneered innovations as diverse as flat screen technology seen on every mobile phone or tablet and minimally-invasive, or 'keyhole', surgery. The spirit of discovery and innovation is ongoing, and the impact of our research is felt around the world.

We undertake vital research with a focus on impact. We

work with partners – other universities, research institutes, major charities, and leading companies around the world to deliver on our ambition. We have a long and successful track record of discovery, helping to drive innovation and solve some of the world's most pressing problems.

Through our innovative Drug Discovery Unit – the only fully operational, fully integrated drug discovery group working across multiple diseases based within a UK university – we have made discoveries such as a

compound with the potential to treat malaria in a single dose.

Our School of Medicine is one of the leading centres of medical education in the UK, while all the time producing research breakthroughs which improve our understanding, treatment and prevention of diseases such as cancer, diabetes and cardiovascular disease. We are now doing the same for Parkinson's disease and other neurodegenerative conditions.

Research into malaria cure

Dundee researchers are currently developing molecules to help cure diseases such as malaria.

Data-handling networks for spacecraft

STAR-Dundee is a world leader in SpaceWire, which has emerged as one of the main data handling networks for spacecraft.

impact

Research with

grand theft auto

Grand Theft Auto Video Game

Originally created by Dundee-based DMA Design, the Grand Theft Auto series has sold more than 250 million units worldwide, making it one of the best-selling video game franchises of all time.

LCD Technology

Walter Spear and Peter LeComber's research resulted in the amorphous film silicon transistor - anyone who uses a smartphone or watches a flat screen TV benefits from their work.

ATMs (Auto Teller Cash Machines)

Through Engineering Connections with NCR, the University of Dundee helped to develop the auto teller cash machine (ATM).

Accommodation

All our student accommodation is self-catering. Single bedrooms each with private en-suite shower and toilet.

Staying in university accommodation is a big part of your student experience. Our accommodation is a home-from-home right at the heart of the city campus. Living and working on campus enables you to throw yourself straight into student life, experience the very best that the campus and city have to offer and meet the people who could end up being your closest friends for the rest of your life. The accommodation is self-catering with 1600 single bedrooms in over eight locations, complete with an en suite shower room- no shared bathrooms for our students!

All rooms are:

- Single occupancy
- En suite
- Equipped with super fast wifi
- £140-£170 per week (approximately)

Take a virtual tour

“I think the campus is great. In first year I lived in house (on campus) and it was a very good experience because I met so many people from all over the world”

Ana from Romania

Enquiry Centre

We know that studying at Dundee may be your first time away from home, and to make this transition easier we run an Enquiry Centre in the middle of campus for any students who need it. The Centre and its staff are here to help you adjust to life at the University and find your way around. They also offer support in a variety of areas including:

- Accommodation ID cards
- Opening a bank account
- International support
- Visas and money issues
- Well-being
- Registering with a doctor
- Study support
- Careers advice

Discover your city

Being at the heart of Scotland's road and rail network puts spectacular scenery, skiing, championship golf, mountain climbing, and sailing within easy reach. The major cities of Edinburgh and Glasgow are a short trip away. Scotland's four main international airports all operate both national airlines such as British Airways, and low cost airlines. This makes it easy to get to all the major centres of the UK and Europe.

Dundee is a hive for students both home and away, full of life, excitement and an abundance of eccentric bars and cosy snugs that create the perfect atmosphere for enjoying your favourite food and drink. Comforting pub classics, healthy treats, international cuisine, and days spent out with friends will fuel your body and mind. Finding the lifestyle you want is easy when you live in such an inspiring, friendly city.

Of course Dundee has all of the larger chain shops and restaurants, but the thing that makes the city really special is the love and energy that has been put into local businesses. Contemporary restaurants, independent eateries, bars and social spaces surround the University. They are easy to find but hard to leave.

Dundee's best bits

It's easy to fill your free time in Dundee. After you've been to class, joined a society or two, nipped to the shops, and studied for a while, there are so many amazing places to visit.

Low cost of living

A Citylets Rental Report in 2021 found that Dundee's average cost of private rent is by far the cheapest of Scotland's major cities. Living in Dundee will save you money: renting here is 44% less expensive than Edinburgh and 25% less than the Scottish national average. (Citylets Rental Report Q2, 2021)

Food and drink

Dundee's food scene is very international, with restaurant options from all over the world. As well as top Indian, Italian and Chinese food, we have Japanese, Mexican and many more. From larger chain restaurants to contemporary and independent local eateries, there is always somewhere close to grab a bite to eat.

Arts and Culture

In the city centre, you'll find the major cultural centres of Dundee Contemporary Arts and the Dundee Rep Theatre. You can also explore the McManus Galleries, the RRS Discovery, Dundee Science Centre, the Frigate Unicorn and the recently opened V&A Dundee. We are also very proud to have been a finalist for the UK City of Culture 2017 - as well as being named the UK's first (and only) UNESCO City of Design in 2014.

A creative centre

Dundee is recognised as an innovative city, and the opening in 2018 of the V&A in Dundee puts the city at the centre of Scotland's creative ecosystem. Designed by the famous Japanese architect Kengo Kuma, the museum provides a new centre of design for Scotland and the world.

High street to boutique

Dundee has plenty of shops to keep you stocked up. The Overgate and Wellgate are the city's two big shopping centres, with many big-name shops such as H&M, Next, and Primark. However, we aren't short of small, quirky independent retailers: boutiques like Spex Pistols and Isolated Heroes have dressed celebrity musicians such as Paloma Faith, Miley Cyrus and Lily Allen.

Green spaces

There are plenty of parks where you can make the most of the seasons and enjoy the colours. Magdalen Green and Balgay Park are a couple of the favourites, popular with BBQers and joggers alike.

Chic bars, friendly pubs

Dundee offers a fantastic night out, with lots of late-night bars and clubs right on the doorstep of the city campus. Duke's Corner is a student favourite for the growing live music scene, while the Phoenix, the Speedwell and the George Orwell are some of the West End's cosiest traditional pubs for a great selection of drinks and a friendly welcome. A few minutes away in the vibrant city centre, you'll also find famous Scottish craft beers at BrewDog and fine wines at The Wine Press - another great addition to the newly buzzing waterfront area.

Check out Dundee's student blogs
for first-hand insights
blog.dundee.ac.uk/studentblog

Your student experience

The majority of Dundee's students live on or near the University campus, conveniently situated next to the city centre and there's always something to do. There's no shortage of ways to make friends and settle in to your new life. Alongside our sports clubs there are world leading student societies for you to join.

Discover more at
oxfordinternational.com

Exceptional quality of life

While offering the best of urban living, the city is still friendly, compact and easy to navigate. Finding the lifestyle you want is easy, and Dundee's relatively small size and close-knit community make it a safe and inexpensive place to live.

Stay healthy

If you're an athlete, a club-level competitor, or you just like to keep fit, the Institute of Sport and Exercise (ISE) is the place to go. There's plenty to choose from including a state-of-the-art gym, a 25-metre swimming pool, tennis courts, two sports halls and 33 acres of playing fields.

Clubs and societies

With over 200 affiliated societies there's something for everyone. There are political societies, groups raising valuable funds for charities, societies for people interested in

different countries or cultures, religious-affiliated societies, sports clubs, and academic groups. There are also plenty of societies for those who just want to have a good time with like-minded people – such as the Comedy Club, the Sci-Fi Society and the BBQ, Baking and Coffee Society.

Study spaces

Students often have a wide variety of study habits – so to make life easier for everyone, our recently refurbished library is open until 2:30am during term and 24 hours a day during exam season. Here you can find everything you need, from relaxation areas and creative spaces to group study rooms equipped with the latest technology.

Safe and secure

Our hall wardens and security officers provide 24-hour security cover, so you can have peace of mind and feel safe in your surroundings.

These are your opportunities

We offer a full careers service, volunteering advice, careers fairs, and entrepreneurship training so you can pack your CV full of the things employers are looking for and land that perfect job.

We offer career advice for life to all of our graduates to make sure you get the support you need at every stage of your career.

uod.ac.uk/careers

Students can also give themselves a competitive edge and add extra value to their degree by taking part in relevant work experience and volunteering. To help you make informed choices about this – and all other aspects of your future employment – the University also offers its graduates careers advice for life through our Careers Service. Together with our careers fairs and entrepreneurship training, we aim to help you choose your future direction and give you the best chance to pursue your career goals.

Work Experience

Whether you're looking for part-time work, volunteering opportunities or work experience related to your degree, we advertise all suitable work experience opportunities on the JobShop, accessed via the CareersPortal.

[uod.ac.uk/careersportal](https://www.dundee.ac.uk/careersportal)

Please be aware that you need to check what permission you have to work in the UK before undertaking any form of work experience. The International Advice Service can provide further advice on this.

Email internationalsupport@dundee.ac.uk

Careers Service

Our Careers Service offers advice and guidance to all students – whether you already know what you want to do after university, or need to make sense of the available options. Our team is friendly and supportive, with a wealth of knowledge and resources that can help you throughout your time at university and beyond.

Feel free to drop into one of our Quick Query sessions (held every weekday during term-time) to ask any questions or get feedback on a CV or application. You can also use our website to submit career-related queries online, book appointments with a Careers Adviser, or find out about part-time work, placements, internships and graduate jobs.

Centre of Entrepreneurship

'Centre of Entrepreneurship' is a dedicated business resource for students, staff and recent graduates. It enables University members to explore setting up their own business while developing entrepreneurial skills and commercial awareness – thereby helping create the next generation of entrepreneurs.

Run by students, overseen by University staff and supported by our experienced business patrons, the Centre puts on a packed programme of 70 free events a year – ranging from competitions and lectures to workshops, careers fairs, and informative talks from industry experts and entrepreneurs.

[uod.ac.uk/entrepreneurship](https://www.dundee.ac.uk/entrepreneurship)

Oxford International X Student Circus

Level up your career search

Oxford International Education Group has recently launched a careers platform in collaboration with the Student Circus to offer all Pre-Master's students exclusive access to visa-enabled jobs in the UK and other countries. You can browse and apply for part-time, full-time jobs, placements, and internships.

Students can also give themselves a competitive edge and add extra value to their degree by taking part in relevant work experience and volunteering. To help you make informed choices about this – and all other aspects of your future employment – the University also offers its graduates careers advice for life through our Careers Service. Together with our careers fairs and entrepreneurship training, we aim to help you choose your future direction and give you the best chance to pursue your career goals.

Your career after university

This new initiative is available to all Pre-master's students from the moment your registration and attendance has been confirmed at ICD. It allows you to source suitable jobs without spending hours looking for visa-sponsored jobs. You can use this platform throughout your studies and beyond graduation*.

Preparing you for the world of work

In addition to your exclusive access to the job listing, you will benefit from the opportunity to participate in workshops; like the Oxford International Careers Bootcamp, which will involve CV building, how to build your professional profile and more.

*Only available to students for additional 3 years post-graduation through Oxford International Education Group.

The Benefits

- Filtered Jobs in the UK for visa-sponsorship
- Full access of the platform via oieg.studentcircus.com
- Workshops & webinars
- Global jobs in 30+ Home Countries and Country Guides
- Immigration Guide

How to sign up?

Student Circus and the student support team at ICD will contact you to sign up and create your profile. Then you can begin your search for your new role!

International Incorporated Bachelors

International Stage One (IS1)*

The IS1 is the first year of a four year International Incorporated Bachelors. The first year is taught at the International College Dundee (ICD) and its designed to strengthen your English language abilities and introduce core concepts and knowledge required at university study level. Once you have successfully completed your studies at ICD you will continue the remaining stages of your degree directly with the University of Dundee

Routes

You can choose to study one of the following International Stage One (IS1) routes:

- Art and Design
- Business
- Computing
- Engineering
- Life and Biomedical Sciences
- Nursing
- Law, Psychology and Social Studies

Core modules

As well as modules unique to your specific route, you will also study several core modules common to each course. The core modules are:

- English for Academic Purposes (EAP)
- Mathematics & Digital Literacy
- Government and Society

Two terms only:

- Step up to your Degree
- Comparative Culture and Society

For more detailed information on your modules please visit oxfordinternational.com

Continuing your degree at the University of Dundee

You will choose your degree before you start your IIB. Once you have successfully completed your IS1, you will continue directly on to the second year of a four year degree. In limited cases you will continue on to the first year of a three year degree.

* Please note at oxfordinternational.com, ICD pathways are named differently: IS1 is IYZ - International Year Zero .

Entry Requirements

To enrol onto the IS1 pathway you must meet the following entry requirements:

English language requirements

For direct entry to the IS1 pathway the minimum overall IELTS score requirement is:

→ **IELTS 5.5 with no less than 5.5**

Qualification requirements

We accept a range of qualifications, to check country specific qualification required to enrol to the IS1 pathway please visit [oxfordinternational.com/admissions/country-entry-requirements](https://www.oxfordinternational.com/admissions/country-entry-requirements)

Pre-Sessional English (PSE)

For the students who do not meet the English minimum requirements, we offer an additional Pre-Sessional English module. Depending on your current English level, there are two options:

- **+6 week Pre-Sessional English**
IELTS 5.0 with no less than 4.5
- **+12 week Pre-Sessional English**
IELTS 4.5 with no less than 4.0

International Stage One

Art and Design

The Art and Design pathway at International College Dundee is a fantastic way to start your creative degree. It is a pathway to a number of undergraduate degrees at Dundee.

As an Art and Design student at ICD, you will study modules designed to both increase your awareness of key concepts in art and design theory, and encourage you to expand your creative skills through studio practice. You will also study the foundations of psychology, expanding your awareness of human behaviour to inform your creative work in the future.

Core modules

With the Art and Design pathway, you will undertake the following subject-specific module:

- Cultural Context
- Film, Media and Popular Culture
- Introduction to Psychology
- Studio Practice
- Digital Media

For more in detail information on your modules please visit oxfordinternational.com

CONTINUATION DEGREES:

BA (Hons)

Art and Philosophy
Fine Art

BDes (Hons)

Animation
Graphic Design

Illustration

Interior and Environmental Design
Jewellery and Metal Design
Textile Design

BSc (Hons)

Digital Interaction Design
Product Design

Kristina Cholakova
Business Economics with
Marketing graduate 2018

International Stage One

Business

Our IS1 in Business will give you an excellent grounding in the fundamentals of business, encompassing key economic, legal and management principles. You will also develop maths skills that are vital for understanding accounting practices. Once you have completed your course, you will continue onto your chosen degree with the University of Dundee School of Business. With a fast-growing network of industry links and business partners, students will benefit from a range of opportunities, including potential work placements and dual accreditation on certain degrees.

Core modules

With the Business and Economics pathway, you will undertake the following subject-specific module:

- Data Analysis
- Microeconomics
- Macroeconomics
- Introduction to Final Accounting
- Introduction to Management Accounting
- International Business Management
- Financial Management

For more in detail information on your modules please visit oxfordinternational.com

International Stage One

Computing

Designed in partnership with experts from the University of Dundee's School of Science and Engineering, this course will give you subject-specific preparation within Computing and will allow you to develop your ability to use software development tools.

Upon completion of this course, you will continue onto your chosen degree with the University of Dundee School of Science and Engineering. You will study using excellent facilities, increase your technical know-how in computer science, the principles of programming and algorithms.

CONTINUATION DEGREES:

BSc (Hons)

Computer Science

Core modules

With the Computing pathway, you will undertake the following subject-specific module:

- Introduction to Software Development
- Introduction to Data Structures and Algorithms
- Core Mathematics
- Further Mathematics

Plus two modules chosen from options below:

- Term 1: Science and Engineering Principles or Mechanics
- Term 3: Data Analysis or Engineering Project

For more detailed information on your modules please visit [oxfordinternational.com](https://www.oxfordinternational.com)

Top 30

- Ranked in the top 30 in the UK for Computer Science and Information Systems (The Guardian University Guide 2021)

International Stage One Engineering

Engineering is a broad and exciting field. The IS1 Engineering course covers its major mathematical and scientific principles and gives you an excellent foundation for further study; the heavy focus on maths, physics and programming also ensures that you'll deepen your understanding during this first additional year of your undergraduate degree.

After completing this course, you will continue your studies at the School of Science and Engineering, where you can kick-start your Chartered Engineering or scientific career by obtaining a BEng or BSc that fulfils the accreditation requirements of the Chartered Institute for IT or the British Computer Society (Chartered IT Professional (CITP) or Chartered Engineering (CEng) or Chartered Scientist (CSci).

Core modules

With the Engineering pathway, you will undertake the following subject-specific module:

- Data Analysis
- Core Mathematics
- Mechanics
- Electricity, Electronics & Fields

No.1 in the UK

- No.1 in the UK for Medical Technology (Biomedical Engineering) (The Complete University Guide 2021)

→ Engineering Project

→ Further Mathematics

Depending on your degree choice:

→ Chemistry or Science and Engineering Principles

International Stage One

Life and Biomedical Sciences

This is a broad-based preparatory stage for one of a number of exciting and challenging undergraduate degrees at Dundee, such as Pharmacology or Molecular Biology. Once you have successfully completed this course, you will continue your chosen degree in the School of Life Sciences. Dundee is the top university in the UK for Biological Sciences according to the Research Excellence Framework (REF 2014). Leading scientists are involved both in the planning and teaching of courses at Dundee, and students benefit from up-to-date and well-equipped facilities for practical work.

Core modules

With the Life and Biomedical Sciences pathway, you will undertake the following subject-specific module:

- Data Analysis
- Cell Biology
- Anatomy and Physiology
- Further Studies in Biology
- Chemistry 1
- Chemistry 2
- Laboratory Skills

For more in detail information on your modules please visit oxfordinternational.com

CONTINUATION DEGREES:

BSc (Hons)

- Anatomical Sciences
- Biochemistry
- Biological Chemistry and Drug Discovery
- Biological Sciences (Bioinformatics)
- Biomedical Sciences (Plant Sciences)
- Environmental Science
- Forensic Anthropology
- Geography
- Geography and Environmental Science
- Microbiology
- Molecular Biology
- Molecular Genetics
- Neurosciences
- Pharmacology
- Physiological Sciences

5th in the UK

International Incorporated Bachelors (IIB)

International Stage Two (IS2)*

The IS2 is the equivalent to second year level study of a typical four-year Scottish undergraduate degree. The first stage is taught at the International College Dundee (ICD) and provides an intensive combination of more advanced subject specific content with Mathematics and English academic literacy skills. Once you have successfully completed your studies at ICD you will continue the remaining two stages of your choose degree course directly with the University of Dundee

Routes

You can choose to study one of the following pathways:

- Business and Economics
- Applied Finance
- Mechanical Engineering
- Computing

Continuing your degree at the University of Dundee

You will choose your degree before you start your IIB. Once you have successfully completed your IS2, you will continue onto the second year of a 3 year degree.

Core modules

For the IS2 Business and Economics, and Applied Finance pathways you will study several core modules common to both courses, as well as the modules

unique to your course. The core modules for these two pathways are:

- Academic Literacies
- Mathematics for Business and Digital Literacy
- Business Analytics
- International Business: Theory into Practice
- Macroeconomics and Applied Policy
- Microeconomics 2

For more detailed information on your modules and the IS2 at ICD please visit oxfordinternational.com

* Please note at oxfordinternational.com, ICD pathways are named differently: IS2 is IY1 - International Year One.

Entry Requirements

To enrol onto the IS2 pathway you must meet the following entry requirements:

English language requirements

For direct entry to the IS1 pathway the minimum overall IELTS score requirement is:

→ **IELTS 5.5 with no less than 5.5**

Qualification requirements

We accept a range of qualifications, to check country specific qualification required to enrol to the IS1 pathway please visit [oxfordinternational.com/admissions/country-entry-requirements](https://www.oxfordinternational.com/admissions/country-entry-requirements)

Pre-sessional English (PSE)

For the students who do not meet the English minimum requirements, we offer an additional Pre-Sessional English module. Depending on your current English level, there are two options:

- **+6 week Pre-sessional English**
IELTS 5.0 with no less than 4.5
- **+12 week Pre-sessional English**
IELTS 4.5 with no less than 4.0

International Stage Two

Business and Economics

The IS2 in Business and Economics has been designed with your future employability in mind, the 'in practice' component incorporates professional focused content plus an internship facilitated by the School of Business to give you every opportunity to be a career-ready graduate for the world of tomorrow.

Once you have completed your course, you will continue onto your chosen degree with the University of Dundee School of Business.

Core modules

With the Business and Economics pathway, you will undertake the following subject-specific module:

→ Business Management

For more detailed information on your modules please visit oxfordinternational.com

CONTINUATION DEGREES:

BSc (Hons)

[Business Management in Practice](#)

[Economics in Practice](#)

[International Business in Practice](#)

14th in UK

→ For the proportion of graduates entering high skilled employment of graduates entering high skilled employment (87.4%) (Graduate Outcomes Survey HESA June 2020).

International Stage Two

Applied Finance

Studying finance can help you access many career opportunities as it covers management of money, business practice, analysis and planning. Our IS2 in Applied Finance is the first stage of your integrated BSc (Hons) Applied Finance in Practice degree course. You will be introduced to financial accounting, management, business theory and mathematics for business. You will continue your degree course with recognised bodies such as The Association of Chartered Certified Accountants (ACCA) and The Association of International Accountants (AIA).

Core modules

With the Applied Finance pathway, you will undertake the following subject-specific module:

- Introduction to Financial Accounting
- Financial Management 2

For more detailed information on your modules please visit oxfordinternational.com

CONTINUATION DEGREES:

BSc (Hons)

[Applied Finance in Practice](#)

International Stage Two

Mechanical Engineering

Mechanical engineering combines a range of technical, creative, and management skills. It plays an important role in a range of sectors including aerospace, energy management, and surgical innovation. Our IS2 in Mechanical Engineering is the first stage of your integrated BEng (Honours) in Mechanical Engineering or BEng (Honours) in Mechanical Engineering with Renewables degree course. You will be introduced to a wide range of Engineering principles including solid and fluid mechanics, thermodynamics, Engineering design software and Engineering control systems. You will also complete an Engineering project.

Upon successful completion of the IS2 programme you will continue your degree studies with the School of Science and Engineering. For more information please visit oxfordinternational.com

CONTINUATION DEGREES:

BEng (Hons)

[Mechanical Engineering](#)

[Mechanical Engineering with Renewables](#)

Core modules

With the Mechanical Engineering pathway, you will undertake the following subject-specific module:

- Mathematics for Engineers
- Solid Mechanics
- Fluid Mechanics
- Thermodynamics
- Electrical and Electronic Principles
- Mechanics of Machines and Systems
- Engineering Control Systems
- Engineering Design Software
- Engineering Project

For more detailed information on your modules please visit oxfordinternational.com

International Stage Two Computing

Computers affect every part of our lives. Technology is rapidly evolving, and the need for computer scientists to work across almost every industry continues to grow. Our IS2 Computing is the first stage in your integrated BSc (Hons) Computing Science degree course. You will be introduced to a wide range of Computing principles including software engineering, multi-paradigm programming, advanced algorithms and fundamentals of computer systems.

Upon successful completion of the IS2 programme you will continue your degree studies with the School of Science and Engineering in Computer Science.

CONTINUATION DEGREES:

BSc (Hons)

[Computing Science](#)

Core modules

With the Computing pathway, you will undertake the following subject-specific module:

- Introduction to Data Structure and Algorithms
- Software Engineering
- Advanced Algorithms and Complexity
- Fundamentals of Computer Systems 2A
- Mathematics and Web Authoring
- Fundamentals of Computer Systems 2B
- Introduction to User and Interfaces
- Introduction to Multi-paradigm Programming

International Incorporated Master's (IIM)

A postgraduate qualification can give your career a boost and help you stand out to potential employers. It could also help if you are looking to change career and need further training to enhance your job prospects within a new field.

The International Incorporated Master's (IIM) is designed for those students who do not qualify for direct entry to a postgraduate degree at the University of Dundee. This could be because of the grades achieved in your undergraduate degree; your current qualifications are not equivalent to a UK undergraduate degree or if you want to improve your academic and English language skills.

Key features of the IIM:

- Receive specialist support from tutors experienced in teaching international students
- Small group tuition
- Continuous formative assessment with detailed and supportive feedback
- One term IIM Business fast track route available

What you can study

You can choose to study one of the following routes:

- Business
- Design
- Energy and Sustainability
- Engineering
- Psychology and Social Studies
- Law
- Nursing and Health
- Education

7th in the UK

- The University of Dundee is highly rated for satisfaction with teaching (The Guardian University Guide 2021)

“When I first arrived in Scotland, I could not communicate well in English. Now I am in my second year, and I’m confident that I’ll succeed with a postgraduate degree from the University of Dundee! This postgraduate degree is the first step; afterwards, I want to do a Ph.D. When I studied at International College Dundee (ICD) I was inspired by my business tutors; they helped me to believe in myself and have the confidence to study a Ph.D.!”

Komet, IIM Business student from Thailand, plans to study a Ph.D. in Tourism & Marketing

Entry Requirements

To enrol onto the IIM you must meet the following entry requirements:

English language requirements

For direct entry to the IIM the minimum overall IELTS score requirement is:

- **One term**
IELTS 6.0 with no less than 5.5
- **Two terms**
IELTS 5.5 with no less than 5.5

Qualification requirements

To enrol onto the IIM you need to have an undergraduate degree from your home country. For country specific equivalences required to enrol please visit [oxfordinternational.com/admissions/country-entry-requirements](https://www.oxfordinternational.com/admissions/country-entry-requirements). Expectations may apply.

Pre-Sessional English (PSE)

For the students who do not meet the English minimum requirements, we offer an additional Pre-Sessional English module. Depending on your current English level, there are three options:

- **One term +6 week PSE**
IELTS 5.5 with no less than 5.0, except writing which must be 5.5
- **Two terms +6 week PSE**
IELTS 5.0 with no less than 4.5
- **Two terms +12 week PSE**
IELTS 4.5 with no less than 4.0

International Incorporated Master's (IIM)

Overview

The Pre-Master's Stage is the first stage of your IIM and is taught at the International College Dundee (ICD). Depending on which route you choose, you will study subject-specific modules as well as a range of core modules carefully selected to support you in progressing to your postgraduate degree.

During stage one, you will develop the advanced skills you need to complete your postgraduate study at the University of Dundee and succeed in your future career.

Depending on your academic qualifications and English language level, you can study this over one or two terms. Refer to page 57 for more information or visit oxfordinternational.com.

Core modules

The core modules for the IIM pathway are:

- English for Masters Preparation 1 & 2*
- Communication Skills
- Postgraduate Study in the UK: Literature Search & Annotated Bibliography

For more in detail information on your modules please visit oxfordinternational.com

* For the one-term IIM your core module is English for Masters Preparation 2 only.

Assessment

Postgraduate study requires lots of independent work and research and throughout your studies you will be continuously assessed to make sure you are on track. In addition to project work and tests, we will give feedback in person and in writing so that you know how you are doing, and how to improve.

Continuation

The first stage of your chosen degree will be studied at ICD. Once you have completed the IIM route you will continue onto your chosen postgraduate degree with the University of Dundee.

How to apply

Applying to one of our pathways is easy, follow the QR code or link below to start your online application.

Apply online

oxfordinternational.com/admissions/apply

To start your application with ease, you will need the following:

A copy of a valid passport

A copy of your original qualification certificate and transcripts

Certified translation (If applicable)

A personal statement

This should outline why an applicant has chosen the University, the selected course and future career plans

Any current and previous visas, CAS and copies of exit stamp. Please also include a copy of any previous visa refusal letters

A valid copy of IELTS or Pearson PTE if the score is at 5.5 or above

Only IELTS taken at UKVI approved centres can be used if the score is below 5.5 in any component. We accept a range of English language qualifications, for more information visit uod.ac.uk/icd

One of our student advisers will support you through the whole application process. Below is a step-by-step guide to what will happen once you submit your application:

Stage 1: Check qualifications

We will carefully review your application and check your academic qualifications and level of English language is suitable for entry to the chosen course.

Stage 2: Issue Conditional Offer

Assuming the application is successful; we will send you a formal offer of a place.

Stage 3: Issue Unconditional Offer

Once you've met all the conditions outlined in your Conditional Offer we will send you an Unconditional Offer.

Stage 4: Submit deposit

To accept a place on the course, you will need to make a deposit to confirm your offer. The amount of your deposit will be confirmed in the Offer Letter.

Stage 5: CAS issued

Upon receipt of the deposit we will request your pre-CAS documents. Once the pre-CAS documents have been received, we will issue you a Certificate of Acceptance for Studies (CAS) number.

Stage 6: Apply for visa

You will then need to apply for a visa if necessary.

Stage 7: Final payment

Advance payment of remaining fees will be required prior to arrival.

Stage 8: Accommodation

Before the start of the course we will send you details of your accommodation (if required) and a welcome pack. We will also ask for details of your flight to the UK.

Stage 9: Welcome to the UK!

We can arrange for a taxi transfer upon your arrival at a UK airport (additional fees apply).
